## **John Robinson joins TAM as Director of Manufacturing**

**Houston, Texas – June 10, 2009** – TAM International, Inc., an independent oilfield services company that provides inflatable packers, swellable packers, and downhole products and services to the oil and gas industry, announces that John Robinson has joined the Company in the newly created position of Director of Manufacturing. Robinson will implement manufacturing programs, set policy, and oversee strategic planning for the departments of Quality, IT, Purchasing, and Manufacturing. He has over 30 years experience in management positions with companies that manufacture products, or provide services, within the oilfield services industry. He held the title of VP Manufacturing for Total Energy Services, and was Plant Manager at Baker Oil Tools for over 9 years. Most recently, he was Director of Operations with Boring Specialties, Inc.
