

TAM INTERNATIONAL
Inflatable and Swellable Packers

FOR IMMEDIATE RELEASE

TAM INTERNATIONAL OPENS NEW DUBAI OFFICE

Centralized Location Supports Growth and Offers Customers Enhanced Capabilities

HOUSTON – June 3, 2013 – TAM International, Inc., an independent oilfield services company providing inflatable and swellable packers, opened a new office in Dubai to support the company's continued growth in the Middle East region.

The new office offers state-of-the-art technology and is in a centralized area, which enables customers to visit TAM staff members and attend lunch and learn sessions, presentations and in-house training.

"We are very excited about the opening of our new office," said Colin Graham, Middle East Regional Manager. "We want to be the industry leading supplier of inflatable and swellable packers in the region and this expansion will help us accomplish that goal."

Graham, who has more than 20 years of industry experience, will lead the Dubai office. Graham will be responsible for enhancing customer support and services while establishing key relationships throughout the region. TAM began serving the Middle East region in 1994.

The new office is located at the Jumeriah Lake Towers on the 12th floor of the X3 Tower, office #1205.
