FOR IMMEDIATE RELEASE

### **TAM International Opens a New Manufacturing Facility in Russia** *Excellence in Customer Service and Delivery for Eastern Hemisphere*

**HOUSTON – December 12, 2017** – TAM International, an independent oilfield services company providing inflatable and swellable packers to the oil and gas industry, announces the opening of a new manufacturing facility in Obninsk, Russia. Obninsk is in the Kaluga region, southwest of Moscow.

The facility includes over 11,000 sq. ft. of manufacturing space and over 4,000 sq. ft. of office space on two acres of land. The Obninsk plant has the capability of manufacturing up to 200 swellable packers per month. It can handle redressing operations on service tools, and offers torque machining on-site.

*“We look forward to better serving the needs of our customers in Russia,”* said Steven Scott, VP Eastern Hemisphere. *“We will manufacture the full line of TAM swellable packers. As always, we remain committed to quality and Excellence at the Wellsite®.”*
